

BERRI Advanced COCO COIR SUBSTRATE (25kg BALE)

www.berricocoirsubstrate.com

Advantage AND Benefits of 25kg Coir Substrate BALE :

25 Kg Coco Peat Bales & Bags specially designed as a most convenient product for commercial growth such as farms, potting mixtures, landscaping, and seed generation and also used in Golf course settings for soil conditioner and mushroom industry as well

It is less compressed and easy to loosen up, manually breakable. Maintain the moisture ration between 30 – 40 %.

Multi-purpose grow medium for all types of plants.

We at BERRI COIR SUBSTRATE guarantee promised expansion and EC for our products.
